

INCUBATION CENTRE

The incubation centre's initiative is to attract students and instil entrepreneurship qualities in them. The Centre encourages students to develop new ideas and innovative products. They also enable them to create business plans and compete in different competitions among colleges. The incubation centre won laurels when the Naipunnya Business School students bagged the second prize in the Hykon-TMA Business plan competition. The Centre also mobilizes resources for product designing and undertakes feasibility study on commercial ventures for the products.
