

SAMVED 2022

National Conference (Online)

“Innovation and Transformation in Hospitality & Tourism
Industry”

Date of Event: 09/03/2022

Participants: National Level

Faculty In-charge: Ms. Amrutha P. Anilen

Report – SAMVED National Conference. “INNOVATION AND TRANSFORMATION IN HOSPITALITY AND TOURISM INDUSTRY”.

Samved-2022 the national conference on “INNOVATION AND TRANSFORMATION IN HOSPITALITY AND TOURISM INDUSTRY”. (Online) was held on Wednesday 9 th March Organized by the Department of Hotel Management Naipunnya Institute of Management and Information Technology (NIMIT).

ABOUT THE CONFERENCE

Innovation and technological advancements can be disruptive forces, especially for conventional business in the hospitality and tourism industries. This conference is timely with its critical examination of such forces and how the two industries should strategize and respond to changes effectively. Also with scope of topics, from environmental scanning, formulation, implementation and evaluation to the way managers make strategy choices for better organizational performance. The conference aims to illustrate how companies can re-orient their strategies and appraise the effectiveness of the business; its key competitors; and how they should set business goals through various cases, i.e. different types of hospitality and tourism business from traditional hotels to innovation and transformation. To be successful in the Travel & Hospitality industry, businesses must ensure that their customers have an extraordinary experience from the moment they begin researching and planning their vacation, whether it is for air travel, hotels, restaurants, or a luxury cruise. Furthermore, given the rising dominance of millennial in the travel industry, hospitality firms should be prepared to curate and customize travel offers as well as implement a data-driven transformation. For reservations and more customized encounters, this generation of tech-savvy tourists likes to use apps. The cultural shift, as well as the long-term consequences of automation, machine learning, and perhaps robots, are unavoidable.

Participants and Presenters:

Experts from Hospitality and Tourism Industry, faculty members from Universities and Colleges (Department of Hotel Management), Research Scholars and students of Hotel Management, Hospitality, Tourism and related disciplines participated in the National conference. The event began at 10 am in Zoom platform there were approximately 145 participants for session 1 inauguration followed by Key notes peach by the guest Mr. Dominic Joseph. Session 2 was the paper presentation and it was organized in 2 platforms online Zoom and Googlemeet. The presenters were split into 2 groups and the session 2 commensurate 11:30 am and closed at 3 pm. The paper presentation of group 1 was chaired by Mr. Robert Fernandez HOD Dept. of Hotel

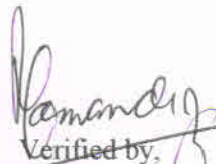

Management NIMIT, Prof. (Dr.) Jacob P M Director & Professor, Prof. Dr. Sabu Varghese Associate Professor and Mr. John Kizhakuden Associate Professor. The paper presentation of group 2 was chaired by Dr. Suraj Sudhakar Associate Professor and Dr. Nijo Varghese Assistant Professor.

There was a total of 20 participants for the paper presentation.

Prepared by,
Mr. Richi Thomas.

NATIONAL CONFERENCE (ONLINE)

ON

"INNOVATION AND TRANSFORMATION IN HOSPITALITY AND TOURISM INDUSTRY"

Wednesday 9th March 2022

Naipunnya
To reach the unreachable

Organized by:
Department of Hotel Management
NAIPUNNYA INSTITUTE OF MANAGEMENT
AND INFORMATION TECHNOLOGY (NIMIT)

About The College

Naipunnya Institute of Management and Information Technology (NIMIT) is located at Pongam, Thirur. This is the pioneer institution to start the B.Sc. degree programme in Hotel Management under Calicut University. NIMIT is proud to say that it was awarded as the Best Hotel Management Institute by the Department of Tourism, Government of Kerala in 2004. It is the first college in Kerala to offer a University degree in Hotel Management from the Calicut University. The institute encompasses the best of the infrastructure, state-of-the-art computer labs with most modern machines, training facilities, library, audio-visual aids and well-equipped library. The institute is unique in its approach towards professionalisation whereby students are given the best professional training so that they get a platform for further growth and development. Presently, there are about 330 students pursuing their degree programme in the department and 14 faculty members with Mr. Robert Fernandes, heading the department and Rev. Fr. J. J. Paulose, heading the Institute as the Director and Principal of the institution.

About The Conference

Innovation and technological advancements can be disruptive forces, especially for conventional business in the hospitality and tourism industries. This conference is timely with its critical examination of such forces and how the two industries should strategize and respond to change effectively. Also with scope of topics, from environmental scanning, formulation, implementation and evaluation to the way managers make strategic choices for better organizational performance. The conference aims to facilitate how companies can re-assess their strategies and appraise the effectiveness of the business, its key competitors, and how they should set business goals through various cases, i.e. different types of hospitality and tourism business from traditional hotels to innovation and transformation. To be successful in the Travel & Hospitality industry, businesses must ensure that their customers have an extraordinary experience from the moment they begin researching and planning their vacation, whether it is for air travel, hotels, restaurants, or a luxury cruise. Furthermore, given the rising dominance of millennials in the travel industry, hospitality firms should be prepared to create and customize travel offers as well as implement a data-driven transformation. For reservations and tours customized according to the generation of each guest, tourists like to use apps. The crucial shift, as well as the ongoing consequences of automation, machine learning, and perhaps robots, are unavoidable.
