Introduction to B.Sc. Hotel Management and Catering Science

The B.Sc. in Hotel Management and Catering Science is a comprehensive four-year undergraduate program offered by the University of Calicut, designed to equip students with the essential skills and knowledge needed to excel in the dynamic hospitality industry. This program combines theoretical knowledge with practical training, ensuring graduates are well-prepared for a variety of roles within the sector.

Curriculum Overview:

The curriculum is meticulously crafted to cover all aspects of hotel management and catering science. It begins with foundational courses in hospitality management, catering science, and food production, providing students with a strong base in the principles and practices of the industry. As students progress, they delve deeper into specialized areas such as front office management, housekeeping, food and beverage service, and event management. Advanced courses in financial management, marketing, human resource management, and entrepreneurship prepare students for leadership roles.

Practical Training:

One of the program's highlights is its emphasis on practical training. Students gain hands-on experience through internships, industrial training, and on-campus practical sessions. This real-world exposure is invaluable, allowing students to apply their classroom learning in actual hospitality settings. The university collaborates with leading hotels, resorts, and catering companies, providing students with opportunities to work alongside industry professionals.

Career Opportunities:

Graduates of this program have a wide range of career opportunities available to them. They can pursue roles such as hotel managers, event planners, catering managers, front office executives, and food and beverage directors. The skills acquired during the program also enable graduates to start their own hospitality ventures or pursue further studies and specializations.

Holistic Development:

In addition to academic and practical training, the program emphasizes the holistic development of students. Courses in communication skills, personality development, and customer service are integrated into the curriculum to ensure students are well-rounded professionals. Extracurricular activities, workshops, and seminars further enhance their learning experience.

PROGRAMME OUTCOMES (PO):

At the end of the graduate programme at Calicut University, a student would:

PO1	Knowledge Acquisition: Demonstrate a profound understanding of knowledge trends and their impact on the
	chosen discipline of study.
	Communication, Collaboration, Inclusiveness, and Leadership:
PO2	Become a team player who drives positive change through effective communication, collaborative acumen, transformative leadership, and a dedication to inclusivity.
	Professional Skills:
PO3	Demonstrate professional skills to navigate diverse career paths with confidence and adaptability.
	Digital Intelligence:
PO4	Demonstrate proficiency in varied digital and technological tools to understand and interact with the digital world, thus effectively processing complex information.
	Scientific Awareness and Critical Thinking:
PO5	Emerge as an innovative problem-solver and impactful mediator, applying scientific understanding and critical thinking to address challenges and advance sustainable solutions.
	Human Values, Professional Ethics, and Societal and Environmental Responsibility:
PO6	Become a responsible leader, characterized by an unwavering commitment to human values, ethical conduct, and a fervent dedication to the well-being of society and the environment.
	Research, Innovation, and Entrepreneurship:
PO7	Emerge as a researcher and entrepreneurial leader, forging collaborative partnerships with industry, academia, and communities to contribute enduring solutions for local, regional, and global development.

PROGRAMME SPECIFIC OUTCOMES (PSO):

At the end of the B.Sc. Hotel Management and Catering Science Honours programme at Calicut University, a student would:

PSO1	Proficient Food Production Skills: Graduates will demonstrate advanced proficiency in food production techniques, including both basic and advanced methods, ensuring they can effectively contribute to culinary operations in various hospitality settings.
PSO2	Comprehensive Service Management : Students will acquire a comprehensive understanding of food and beverage (F&B) service, accommodation operations, and front office management, enabling them to oversee and manage diverse service aspects within the hospitality industry.
PSO3	Hygiene and Safety Standards Adherence: Graduates will exhibit a thorough knowledge of hygiene and sanitation practices, as well as food safety and quality standards, ensuring compliance with regulatory requirements and maintaining high standards of cleanliness and safety in hospitality operations.
PSO4	Strategic Management Competence : Upon completion of the program, students will possess the necessary skills to analyze management concepts, consumer behavior, and the hospitality business environment, enabling them to make informed strategic decisions and effectively manage hospitality businesses.
PSO5	Financial Acumen: Graduates will demonstrate proficiency in hotel accounting principles, ensuring they can effectively manage financial aspects of hospitality operations, including budgeting, cost control, and revenue management.
PSO6	Professional Exposure and Research Aptitude: Through industrial exposure training or research projects, students will gain practical experience in real-world hospitality settings or develop research skills in hotel management, preparing them for successful careers or further academic pursuits in the field.

	3	BHC3VN 202	Event Catering and Banquet Operations	3	75	5	4	30	70	100
	4	BHC8VN 302	Food Safety and Sanitation Management	8	60	4	4	30	70	100

- (i). Students in Single Major pathway can choose course/courses from any of the Minor/ Vocational Minor groups offered by a discipline other than their Major discipline.
- (ii). Students in the Major with Multiple Disciplines pathway can choose as one of the multiple disciplines, all the three courses from any one of the Minor/ Vocational Minor groups offered by a discipline other than their Major discipline.
- (iii). Students in the Major with Minor pathway can choose all the courses from any two Minor groups offered by a discipline other than their Major discipline. If the students from other Major

- disciplines choose any two Minor groups in Hotel Management and Culinary Arts as given above, then the title of the Minor will be **Hotel Management and Catering Science**.
- (iv). Students in the Major with Vocational Minor pathway can choose all the courses from any two Vocational Minor groups offered by a discipline other than their Major discipline. If the students from other Major disciplines choose any two Vocational Minor groups in Hotel Management and Culinary Arts as given above, then the title of the Vocational Minor will be **Hotel Management and Catering Science**.

DISTRIBUTION OF GENERAL FOUNDATION COURSES IN HOTEL MANAGEMENT AND CATERING SCIENCE

Sem	Course Total H		Hours/		Marks			
ester	Code	Course Title	Hours	Week	Credits	Inter nal	Exter nal	Total
1	BHC1FM 105	Multi-Disciplinary Course 1 – Event Management	45	3	3	25	50	75
2	BHC2FM 106	Multi-Disciplinary Course 2 – Service Marketing	45	3	3	25	50	75
5	BHC5FS 112	Skill Enhancement Course 2 - Hospitality Communication	45	3	3	25	50	75
6	BHC6FS 113	Skill Enhancement Course 3 -Principles of Food Science	45	3	3	25	50	75

EVALUATION SCHEME

- 1. The evaluation scheme for each course contains two parts: internal evaluation (about 30%) and external evaluation (about 70%). Each of the Major and Minor courses is of 4-credits. It is evaluated for 100 marks, out of which 30 marks is from internal evaluation and 70 marks, from external evaluation. Each of the General Foundation course is of 3-credits. It is evaluated for 75 marks, out of which 25 marks is from internal evaluation and 50 marks, from external evaluation.
- 2. The 4-credit courses (Major and Minor courses) are of two types: (i) courses with only theory and (ii) courses with 3-credit theory and 1-credit practical.
 - In 4-credit courses with only theory component, out of the total 5 modules of the syllabus, one open-ended module with 20% content is designed by the faculty member teaching that course, and it is internally evaluated for 10 marks. The internal evaluation of the remaining 4 theory modules is for 20 marks.
 - In 4-credit courses with 3-credit theory and 1-credit practical components, out of the total 5 modules of the syllabus, 4 modules are for theory and the fifth module is for practical. The practical component is internally evaluated for 20 marks. The internal evaluation of the 4 theory modules is for 10 marks.
- **3.** All the 3-credit courses (General Foundational Courses) in Hotel Management and Catering Science are with only theory component. Out of the total 5 modules of the syllabus, one openended module with 20% content is designed by the faculty member teaching that course, and it is internally evaluated for 5 marks. The internal evaluation of the remaining 4 theory modules is for 20 marks.

Sl. No.	Nature of the Course		1110011101 = 10110	ation in Marks of the total)	External Exam	Total Marks
			Open-ended module / Practical	On the other 4 modules	on 4 modules (Marks)	
1	4-credit course	only theory (5 modules)	10	20	70	100
2	4-credit course	Theory (4 modules) + Practical	20	10	70	100
3	3-credit course	only theory (5 modules)	5	20	50	75

1. MAJOR AND MINOR COURSES

1.1. INTERNAL EVALUATION OF THEORY COMPONENT

Sl. No.	Components of Internal Evaluation of Theory	Internal Marks for the Theory Part of a Major / Minor Course of 4-credits				
	Part of a Major / Minor Course	Theory	Only	Theory -	+ Practical	
		4 Theory Modules	Open-ended Module	4 Theory Modules	Practical	
1	Test paper/	10	4	5	-	
	Mid-semester Exam					
2	Seminar/ Viva/ Quiz	6	4	3	-	
3	Assignment	4	2	2	-	
		20	10	10	20*	
	Total	3()	30		

^{*} Refer the table in section 1.2 for the evaluation of practical component

1.2. EVALUATION OF PRACTICAL COMPONENT

The evaluation of practical component in Major and Minor courses is completely by internal evaluation.

- Continuous evaluation of practical by the teacher-in-charge shall carry a weightage of 50%.
- The end-semester practical examination and viva-voce, and the evaluation of practical records shall be conducted by the teacher in-charge and an internal examiner appointed by the Department Council.
- The process of continuous evaluation of practical courses shall be completed before 10 days from the commencement of the end-semester examination.
- Those who passed in continuous evaluation alone will be permitted to appear for the end-semester examination and viva-voce.

The scheme of continuous evaluation and the end-semester examination and viva-voce of practical component shall be as given below:

Sl. No.	Evaluation of Practical Component	Marks for	Weightage
	of Credit-1 in a Major / Minor Course	Practical	
1	Continuous evaluation of practical/ exercise performed in practical classes by the students	10	50%
2	End-semester examination and viva-voce to be conducted by teacher-in-charge along with an additional examiner arranged internally by the Department Council	7	35%
3	Evaluation of the Practical records submitted for the end semester viva—voce examination by the teacher-in-charge and additional examiner	3	15%
	Total Marks	20	

1.3. EXTERNAL EVALUATION OF THEORY COMPONENT

External evaluation carries 70% marks. Examinations will be conducted at the end of each semester. Individual questions are evaluated in marks and the total marks are converted into grades by the University based on 10-point grading system (refer section 5).

PATTERN OF QUESTION PAPER FOR MAJOR AND MINOR COURSES

		Total No. of Questions	No. of	Marks for	Ceilin
Duration	Type		Questions to be	Each	g of
		Questions	Answered	Question	Marks
	Short Answer	10	8 – 10	3	24
2 Hours	Paragraph/ Problem	8	6 – 8	6	36
	Essay	2	1	10	10
				Total Marks	70

2. INTERNSHIP

- All students should undergo Internship of 2-credits during the first six semesters in a firm, industry or organization. The training will be provided to students in between the 2nd and 3rd semester (during the semester gap) and 4th Semester and 5th Semester (During the semester gap) and training during the 6th semester. All together it will be of 90 days and with 2 credits. The student who under go the training need to submit an Industrial Exposure Training Project with training certificate to the department for external evaluation. For the IET for Honours students, they can go during the eight semester.
- Internship can be for enhancing the employability of the student or for developing the research aptitude.
- Internship can involve hands-on training on a particular skill/ equipment/ software...
- A faculty member/ scientist/ instructor of the respective institution, where the student does the Internship, should be the supervisor of the Internship.

2.1. GUIDELINES FOR INTERNSHIP

- 1. Internship should be in Hotel Management and Catering Science.
- 2. There should be minimum 90 days of engagement from the student in the Internship for 3 year degree students (those who quite at the end of third year). For the Honours students they have to do the 90 days internship as well the Industrial Exposure Training mentioned in the eight semester for a duration of minimum of 120 days with maximum 12 credits.
- 3. Summer vacations and other holidays can be used for completing the Internship.
- 4. In BSc. Hotel Management and Catering Science programme, training different departments of a star category hotel is a requirement for the completion of Internship.

- 5. The students should make regular and detailed entries in to a personal log book through the period of Internship. The log book will be a record of the progress of the Internship and the time spent on the work, and it will be useful in writing the final report. It may contain work training department details, work details, responsibility assigned details etc. All entries should be dated. The Internship supervisor should periodically examine and countersign the log book.
- 6. The log book and the typed IET report must be submitted at the end of the Internship.
- 7. The institution at which the Internship will be carried out should be prior-approved by the Department Council of the college where the student has enrolled for the UG Honoursprogramme.

2.2. EVALUATION OF INTERNSHIP

- The evaluation of Internship shall be done at the end of 6th semester a Viva-Voce will be conduced based on the report submitted by an external examiner.
- The credits and marks for the Internship will be awarded only at the end of semester 6.
- The scheme of continuous evaluation and the end-semester viva-voce examination based on the submitted report shall be as given below:

Sl. No.	Components of Eval	uation of Internship	Marks for Internship 2 Credits	Weightage
1	Continuous evaluation of internship through interim	Acquisition of skill set	10	40%
2	presentations and reports by the committee internally	Interim Presentation and Viva-voce	5	
3	constituted by the Department Council	Punctuality and Log Book	5	
4	Report of Institute Visit/ Stud	dy Tour	5	10%
5	End-semester viva-voce examination to be	Quality of the work	6	35%
6	conducted by the external	Presentation of the work	5	
7	appointed by the Department Council	Viva-voce	6	
8	Evaluation of the day-to-d internship supervisor, and fir end semester viva—voce exar appointed by the Department	8	15%	
		Total Marks	50	

3. PROJECT

3.1. PROJECT IN HONOURS PROGRAMME

- In Honours programme, the student has the option to do a Project of 12-credits instead of three Core Courses in Major in semester 8.
- The Project can be done in the same institution/ any other higher educational institution (HEI)/ research centre/ training centre.

- The Project in Honoursprogramme can be a short research work or an extended internship or a skill-based training programme.
- A faculty member of the respective institution, where the student does the Project, should be the supervisor of the Project.

3.2. PROJECT IN HONOURS WITH RESEARCH PROGRAMME

- Students who secure 75% marks and above (equivalently, CGPA 7.5 and above) cumulatively in the first six semesters are eligible to get selected to Honours with Research stream in the fourth year.
- A relaxation of 5% in marks (equivalently, a relaxation of 0.5 grade in CGPA) is allowed for those belonging to SC/ST/OBC (non-creamy layer)/ Differently-Abled/ Economically Weaker Section (EWS)/ other categories of candidates as per the decision of the UGC from time to time.
- In Honours with Research programme, the student has to do a mandatory Research Project of 12-credits instead of three Core Courses in Major in semester 8.
- The approved research centres of University of Calicut or any other university/ HEI can offer the Honours with Research programme. The departments in the affiliated colleges under University of Calicut, which are not the approved research centres of the University, should get prior approval from the University to offer the Honours with Research programme. Such departments should have minimum two faculty members with Ph.D., and they should also have the necessary infrastructure to offer Honours with Research programme.
- A faculty member of the University/ College with a Ph.D. degree can supervise the research project of the students who have enrolled for Honours with Research. One such faculty member can supervise maximumfive students in Honours with Research stream.
- The maximum intake of the department for Honours with Research programme is fixed by the department based on the number of faculty members eligible for project supervision, and other academic, research, and infrastructural facilities available.
- If a greater number of eligible students are opting for the Honours with Research programme than the number of available seats, then the allotment shall be based on the existing rules of reservations and merits.

3.3. GUIDELINES FOR THE PROJECT IN HONOURS PROGRAMME

AND HONOURS WITH RESEARCH PROGRAMME

- 1. Project can be in Hotel Management discipline.
- 2. Project should be done individually.
- 3. Project work can be of experimental/ theoretical/ computational in nature.

- 4. There should be minimum 360 hrs. of engagement from the student in the Project work in Honours programme as well as in Honours with Research programme.
- 5. There should be minimum 13 hrs./week of engagement (the hours corresponding to the three core courses in Major in semester 8) from the teacher in the guidance of the Project(s) in Honours programme and Honours with Research programme.
- 6. The various steps in project works are the following:
 - > Wide review of a topic.
 - > Investigation on a problem in systematic way using appropriate techniques.
 - > Systematic recording of the work.
 - > Reporting the results with interpretation in a standard documented form.
 - > Presenting the results before the examiners.
- 7. During the Project the students should make regular and detailed entries in to a personal log book through the period of investigation. The log book will be a record of the progress of the Project and the time spent on the work, and it will be useful in writing the final report. It may contain experimental conditions and results, ideas, mathematical expressions, rough work and calculation, computer file names etc. All entries should be dated. The Project supervisor should periodically examine and countersign the log book.
- 8. The log book and the typed report must be submitted at the end of the Project. A copy of the report should be kept for reference at the department. A soft copy of the report too should be submitted, to be sent to the external examiner in advance.
- 9. It is desirable, but not mandatory, to publish the results of the Project in a peer reviewed journal.
- 10. The project report shall have an undertaking from the student and a certificate from the research supervisor for originality of the work, stating that there is no plagiarism, and that the work has not been submitted for the award of any other degree/ diploma in the same institution or any other institution.
- 11. The project proposal, institution at which the project is being carried out, and the project supervisor should be prior-approved by the Department Council of the college where the student has enrolled for the UG Honours programme.

3.4. EVALUATION OF PROJECT

- The evaluation of Project will be conducted at the end of the eighth semester by both internal and external modes.
- The Project in Honours programme as well as that in Honours with Research programme will be
 evaluated for 300 marks. Out of this, 90 marks is from internal evaluation and 210 marks, from
 external evaluation.

- The internal evaluation of the Project work shall be done through continuous assessment mode by a committee internally constituted by the Department Council of the college where the student has enrolled for the UG Honours programme. 30% of the weightage shall be given through this mode.
- The remaining 70% shall be awarded by the external examiner appointed by the University.
- The scheme of continuous evaluation and the end-semester viva-voce of the Project shall be as given below:

Components of Evaluation of Project	Marks for the Project (Honours/ Honours with Research)	Weightage
Continuous evaluation of project work through interim presentations and reports by the committee internally constituted by the Department Council	90	30%
End-semester viva-voce examination to be conducted by the external examiner appointed by the university	150	50%
Evaluation of the day-to-day records and project report submitted for the end-semester viva—voce examination conducted by the external examiner	60	20%
Total Marks	300	

INTERNAL EVALUATION OF PROJECT

Sl. No	Components of Evaluation of Project	Marks for the Project (Honours/ Honours with Research)
1	Skill in doing project work	30
2	Interim Presentation and Viva-Voce	20
3	Punctuality and Log book	20
4	Scheme/ Organization of Project Report	20
	Total Marks	90

EXTERNAL EVALUATION OF PROJECT

Sl. No	Components of Evaluation of Project	Marks for the Project (Honours/ Honours with Research) 12 credits
1	Content and relevance of the Project,	
	Methodology, Quality of analysis,	50
	and Innovations of Research	
2	Presentation of the Project	50
3	Project Report (typed copy), Log	60
	Book and References	00
4	Viva-Voce	50
	Total Marks	210

4. GENERAL FOUNDATION COURSES

• All the General Foundation Courses (3-credits) in Hotel Management and Catering Science are with only theory component.

4.1. INTERNAL EVALUATION

Sl. No.	Components of Internal	Internal Marks of a General Foundation		
	Evaluation of a General	Course of 3-credits in Hotel Management		
	Foundation Course in Hotel	and Cate	ering Science	
	Management and Catering	4 Theory Modules	Open-ended Module	
	Science	-	_	
1	Test paper/ Mid-semester Exam	10	2	
2	Seminar/ Viva/ Quiz	6	2	
3	Assignment	4	1	
		20	5	
	Total		25	

4.2. EXTERNAL EVALUATION

External evaluation carries about 70% marks. Examinations will be conducted at the end of each semester. Individual questions are evaluated in marks and the total marks are converted into grades by the University based on 10-point grading system (refer section 5).

PATTERN OF OUESTION PAPER FOR GENERAL FOUNDATION COURSES

		Total No. of	No. of	Marks for	Ceilin
Duration	Туре		Questions to be	Each	g of
		Questions	Answered	Question	Marks
	Short Answer	10	8 – 10	2	16
1.5 Hours	Paragraph/ Problem	5	4 – 5	6	24
	Essay	2	1	10	10
				Total Marks	50

5.LETTER GRADES AND GRADE POINTS

- Mark system is followed for evaluating each question.
- For each course in the semester letter grade and grade point are introduced in 10-point indirect grading system as per guidelines given below.
- The Semester Grade Point Average (SGPA) is computed from the grades as a measure of the student's performance in a given semester.
- The Cumulative GPA (CGPA) is based on the grades in all courses taken after joining the programme of study.
- Only the weighted grade point based on marks obtained shall be displayed on the grade card issued to the students.

LETTER GRADES AND GRADE POINTS

Sl.	Percentage of Marks	Description	Letter	Grade	Range of	Class
No.	(Internal & External		Grade	Point	Grade	
	Put Together)				Points	
1	95% and above	Outstanding	О	10	9.50 – 10	First Class
2	Above 85% and below 95%	Excellent	A+	9	8.50 – 9.49	with Distinction
3	75% to below 85%	Very Good	A	8	7.50 - 8.49	
4	65% to below 75%	Good	B+	7	6.50 - 7.49	
5	55% to below 65%	Above	В	6	5.50 - 6.49	First Class
		Average				
6	45% to below 55%	Average	С	5	4.50 - 5.49	Second Class
7	35% to below 45% aggregate	Pass	P	4	3.50 - 4.49	Third Class
	(internal and external put					
	together) with a minimum of					
	30% in external valuation					
8	Below an aggregate of 35%	Fail	F	0	0 - 3.49	Fail
	or below 30% in external					
	evaluation					
9	Not attending the examination	Absent	Ab	0	0	Fail

- When students take audit courses, they will be given Pass (P) or Fail (F) grade without any credits.
- The successful completion of all the courses and capstone components prescribed for the threeyear or four-year programme with 'P' grade shall be the minimum requirement for the award of UG Degree or UG Degree Honours or UG Degree Honours with Research, as the case may be.

5.1. COMPUTATION OF SGPA AND CGPA

• The following method shall be used to compute the Semester Grade Point Average (SGPA): The SGPA equals the product of the number of credits (Ci) with the grade points (Gi) scored by a student in each course in a semester, summed over all the courses taken by a student in the semester, and then divided by the total number of credits of all the courses taken by the student in the semester,

i.e. SGPA (Si) =
$$\Sigma i$$
 (Ci x Gi) / Σi (Ci)

where Ci is the number of credits of the ith course and Gi is the grade point scored by the student in the ithcourse in the given semester. Credit Point of a course is the value obtained by multiplying the credit (Ci) of the course by the grade point (Gi) of the course.

$$SGPA = \frac{\sum of the credit points of all the courses \in a semester}{Total credits \in that semester}$$

ILLUSTRATION - COMPUTATION OF SGPA

Semeste	Course	Credi	Letter	Grade	Credit Point
r		t	Grade	point	(Credit x Grade)
I	Course 1	3	A	8	3 x 8 = 24
I	Course 2	4	B+	7	4 x 7 = 28
I	Course 3	3	В	6	3 x 6 = 18
I	Course 4	3	О	10	3 x 10 = 30
I	Course 5	3	С	5	3 x 5 = 15
I	Course 6	4	В	6	4 x 6 = 24
	Total	20			139
		SGI	139/20 = 6.950		

• The Cumulative Grade Point Average (CGPA) of the student shall be calculated at the end of a programme. The CGPA of a student determines the overall academic level of the student in a programme and is the criterion for ranking the students.

CGPA for the three-year programme in CUFYUGP shall be calculated by the following formula.

$$CGPA = \frac{\sum \text{ of the credit points of all the courses} \quad \text{six semesters}}{Total \ credits} \quad \text{six semesters} (133)$$

CGPA for the four-year programme in CUFYUGP shall be calculated by the following formula.

$$CGPA = \frac{\sum of \ the \ credit \ points of \ all \ the \ courses \ \square \ eight \ semesters}{Total \ credits \ \square \ eight \ semesters(177)}$$

- The SGPA and CGPA shall be rounded off to three decimal points and reported in the transcripts.
- Based on the above letter grades, grade points, SGPA and CGPA, the University shall issue the transcript for each semester and a consolidated transcript indicating the performance in all semesters.

Programme	B.Sc Hotel Management and Catering Science					
Course Title	BASICS IN FOOD	PRODUCTI	ON			
Type of Course	Major					
Semester	1					
Academic Level	100 - 199					
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours	
	4	3	-	2	75	
Pre-requisites	Students should have a basic understanding of general science, including principles of chemistry and biology. Prior coursework in basic cooking or home economics is recommended but not required.					
Course Summary	kitchen hierarchy and	The syllabus covers culinary history, kitchen safety, chef attributes, kitchen hierarchy and layout, cooking basics, methods, equipment, and practical food production techniques.				

Course Outcomes (CO):

СО	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO1	Describe and apply the principles of food safety and sanitation practices. Apply standards of professionalism to the culinary arts industry	U	С	Written exams
CO2	Compare and contrast the classical brigade and modern staffing in various category hotels. Identify the roles and responsibilities of executive chef and other chefs	Ap	P	Written exams/ seminar presentation s
CO3	Understand the aims and objectives of cooking foods. Demonstrate the heat transfer methods and their applications. Analyse the effect of heat on food components.	Ap	P	Instructor created exams
CO4	Apply the principles of cooking to achieve desired results. Identify and use various kitchen equipment safely and efficiently	U	С	Practical assignments
CO5	Identify and describe various equipment used in food production. Practice hygiene and etiquette in the kitchen	Ap	P	Assignment s
CO6	Appreciate the importance of cooking foods for health and nutrition. Demonstrate creativity and presentation skills in food production	Ap	P	Practical exams

	17	Special considerations for VIP guests.	2	
IV	Guest	t services and check-out.	10	17
	18	Handling guest communication, mail, and message handling protocols	2	

	1	T	
	19	Guest paging and safe deposit locker management.	2
	20	Guest room services, room change procedures and left luggage handling, wake-up call services, and key custody control.	2
	21	Managing guest complaints, understanding types of guest complaints, and effective handling of guest issues and resolutions.	2
	22	Check-out procedures and settlement, departure processes and settlement modes, handling foreign exchange and different modes of bill settlement, and addressing potential check-out problems and solutions.	2
V	Pract	tical	30
	1	a) Reservation system demonstration in PMS lab, overview and navigation of reservation software, booking procedures, and management in a simulated environment.	20
		b) Registration process demonstration in PMS lab, practical application of guest check-in procedures using PMS, understanding documentation and data entry for guests.	
		c) Guest history management demo in PMS lab, utilizing PMS to access and manage guest history, understanding the significance and usage of guest profiles. Telephones usage and practical session, handling phone operations in a hotel setting, practical exercises on managing calls and guest inquiries.	
		d) Housekeeping operations demo in PMS lab, housekeeping module navigation and functionalities within PMS, coordination between front desk and housekeeping departments.	
		e) Daily transactions handling demo in PMS lab, simulation of daily transactional processes using PMS, practice in managing routine operational tasks within the system.	
		f) Front office accounting procedures: demonstration & practice, (a) Manual accounting demonstration/practice, manual accounting principles and practice exercises. (b) Machine accounting demonstration/practice, practical use of automated accounting systems in a simulated environment.	
		g) Accounts payable, accounts receivable, guest history demo, understanding and managing payable and receivable accounts, demonstrating guest history retrieval and utilization within PMS.	

2	Role play exercises: front office scenarios, simulated scenarios for role-playing various front office roles, practical application of skills and procedures in different scenarios.	3	
3	Situation handling: practical exercises, handling real-time situations in a simulated front office setting, applying problem-solving skills and decision-making in different scenarios	7

Programme	B.Sc. HOTEL MANAGEMENT AND CATERING SCIENCE.				
Course Title	ROOMS DIVISI	ION MANA	GEMENT		
Type of Course	Major				
Semester	V				
Academic Level	300-399				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	Room Division Management include a foundational understanding of hotel operations, customer service skills, knowledge of front office procedures, and familiarity with housekeeping and maintenance practices.				
Course Summary	Room Division Management explores the principles and practices of front office operations and revenue management to effectively manage hotel accommodations and guest services				*

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO1	Recall the proficiency in utilizing reservation systems, analyzing revenue metrics, and enhancing guest experiences to effectively contribute to front office revenue generation in the hospitality industry.	(R)	(F)	Written Exams
CO2	Summarize how through experiential learning, students will understand, comprehend, and explain the complexities involved in designing and implementing strategies to enhance guest experiences.	(U)	(F)	Application in Practical's
CO3	Apply analytical skills to assess hospitality data sets, utilizing data-driven decision-making and creating effective revenue management strategies	(Ap)	(C)	Application in Practical's
CO4	Discover how, with a deep understanding of front office accounting principles, students will analyze financial transactions critically, ensuring precision and adherence to industry standards.	(An)	(C)	Written Exams and Application in Practical's
CO5	Evaluate night audit procedures and financial control mechanisms, ensuring accuracy and effectiveness in managing financial aspects of the hospitality industry.	(E)	(P)	Application in Practical's
CO6	Adapting hands-on training, students will creatively navigate Property Management Systems (PMS), showcasing operational competency in creating reservations, managing check-ins, and executing other key PMS functions	(C)	(M)	Application in Practical's

^{* -} Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C)

Module	Unit	Content	Hrs	Mks
I Front office revenue basics.		office revenue basics.	10	17
	1.	Introduction to front office revenue.	2	
		Understanding the role of front office in revenue generation.		
		Importance of front office operations in hospitality management.		
		Key Performance Indicators (KPIs) for Front office revenue.		
	2.	Reservation systems and revenue optimization.	3	
		Reservation process: Booking channels and systems.		
		Yield management techniques for front office operations.		
		Pricing strategies: Rate structures and segmentation.		
		Managing No-shows, cancellations, and overbooking.		
	3.	Revenue reporting and analysis.	3	
		Revenue reporting tools and systems.		
		Analysingrevenue performance metrics.		
		Forecasting and budgeting for front office revenue.		
		Identifying trends and opportunities for revenue growth.		
	4.	Guest experience and revenue maximization.	2	
		Importance of guest satisfaction in revenue generation.		
		Upselling and cross-selling techniques at the front desk.		
		Loyalty programs and repeat business.		
		Enhancing revenue through effective communication and service.		
п	Revenu	ne management and key metrics	10	17
	1.	Revenue management strategies	3	
		Principles of revenue management in hospitality.		
	2.	Pricing strategies and yield management.	3	
	3.	Key Performance Indicators (KPIs) in Front Office	2	
		RevPAR, ADR, and Occupancy Percentage Analysis		
	4.	Calculations and application of revenue metrics.	2	
III	Tools,	systems, and practical applications.	15	19
	1.	Front office Management Systems (FOMS)	2	
	2.	Property Management Systems (PMS) Overview	2	

3. Application of FOMS in revenue management. 4. Data analytics and reporting tools. 5. Utilizing data for decision making. 6. Reporting and analysingfront office performance. 7. Case studies. 8. Practical applications. 9. Analysingreal-life revenue management scenarios 1				1	1
5. Utilizing data for decision making. 6. Reporting and analysingfront office performance. 7. Case studies. 8. Practical applications. 9. Analysingreal-life revenue management scenarios 2 IV Front Office Accounting in Hospitality 1 Introduction to Front office accounting Overview Role and significance of front office accounting in hospitality Importance of accuracy and transparency in accounting practices 2 Types of accounts in front office. Account classification: Understanding different types of accounts (Guest, Non-Guest, City Ledger) Significance and management of each account type. 3 Vouchers and documentation. Documentation process: Introduction to vouchers in front office accounting. Types of vouchers and their significance in record-keeping. 4 Folios, ledgers, and chart of accounts Accounting records: Folio creation and management for guest accounts Ledger entries and organization in front office accounting. Establishing a chart of accounts for efficient record-keeping. 5 Front office accounting cycle. Accounting procedures: Understanding the front Office accounting cycle. Steps involved in recording transactions and balancing accounts.		3.	Application of FOMS in revenue management.	1	
6. Reporting and analysingfront office performance. 7. Case studies. 8. Practical applications. 9. Analysingreal-life revenue management scenarios 2 IV Front Office Accounting in Hospitality 1 Introduction to Front office accounting Overview Role and significance of front office accounting in hospitality Importance of accuracy and transparency in accounting practices 2 Types of accounts in front office. Account classification: Understanding different types of accounts (Guest, Non-Guest, City Ledger) Significance and management of each account type. 3 Vouchers and documentation. Documentation process: Introduction to vouchers in front office accounting. Types of vouchers and their significance in record-keeping. 4 Folios, ledgers, and chart of accounts Accounting records: Folio creation and management for guest accounts Ledger entries and organization in front office accounting. Establishing a chart of accounts for efficient record-keeping. 5 Front office accounting cycle. Accounting procedures: Understanding the front Office accounting cycle. Steps involved in recording transactions and balancing accounts.		4.	Data analytics and reporting tools.	2	
7. Case studies. 8. Practical applications. 9. Analysingreal-life revenue management scenarios 2 IV Front Office Accounting in Hospitality 1 Introduction to Front office accounting Overview Role and significance of front office accounting in hospitality Importance of accuracy and transparency in accounting practices 2 Types of accounts in front office. Account classification: Understanding different types of accounts (Guest, Non-Guest, City Ledger) Significance and management of each account type. 3 Vouchers and documentation. Documentation process: Introduction to vouchers in front office accounting. Programme	B.Sc. Hotel Management and Culinary Arts								
Course Title	BAKERY AND CONFECTIONERY								
Type of Course	Major								
Semester	V	V							
Academic Level	300 - 399								
Course Details	Credit	Practical per week	Total Hours						
	4	3	-	2	75				
Pre-requisites	Students should have a basic understanding of food production principles, with prior coursework in introductory culinary arts or basic food science recommended.								
Course Summary	This course provides an in-depth exploration of the bakery and confectionery industry, focusing on the theoretical and practical aspects of baking and confectionery production.								

СО	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO1	Explain the scope and importance of bakery and confectionary industry. Define and use the common bakery terms and terminologies	U	С	Written exams
CO2	Identify and classify the different types of wheat and flour and their properties. Explain the factors affecting the quality and grade of flour	Ap	P	Written exams/ seminar presentations
CO3	Explain the principles and methods of bread making and the raw materials required	Ap	Р	Instructor created exams
CO4	Compare and contrast the different methods of bread making such as straight dough, delayed salt, no time and sponge and dough. Identify and describe the external and internal characteristics of good quality bread	U	С	Practical assignments
CO5	Analyse and rectify the common bread faults and their causes	Ap	P	Assignments
CO6	Prepare different types of international and regional breads using appropriate techniques and equipment. Demonstrate the skills and knowledge of bakery hygiene and safety	Ap	P	Practical assignments

^{* -} Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C)

^{# -} Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)

Detailed Syllabus:

Module	Unit	Content	Hrs	Mks	
I	Intro	duction to bakery and confectionery	10	17	
	1	Organizational hierarchy of bakery department			
	2	Aims and objectives of baking	2		
	3	Duties and responsibilities of baker and confectioner	2		
	4	Introduction to basic equipment and tools used in bakery and confectionery	3		
II	Brea	d and Cake Making	15	19	
	5	Raw materials required for bread making (Flour, Water, Yeast, Salt, Sugar, Milk & Fats)	1		
	6	Yeast - Role of yeast in the fermentation of dough	2		
	7	Different methods of bread making	3		
		A) straight dough method			
		B) delayed salt method			
		C) no time method			
		D) sponge and dough method			
	8	Characteristics of breads, bread faults and their remedies	1		
	9	Raw materials required (Role of flour, sugar, shortening and eggs for cake preparation)	2		
	10	Equipment and tools used for cake making	2		
	11	Cake making methods (Sugar batter, Flour batter, Genoese method, Blending & Rub in method	2		
	12	Types of Icing & Icing equipment	2		
III	Pasti	ry and Basic Pastes in Bakery	10	17	
	13	Principles of pastry making and its derivatives	2		
	14	Short crust paste, Choux paste, Puff paste, Flaky paste	2		
	15	Preparation of cookies and biscuits	2		
	16	Factors effecting quality of cookies & biscuits	2		
	17	Faults in preparation of cookies and biscuits	2		

IV	Stud	y of Confectionery	10	17	
	18 Ingredients used and its derivatives		2		
	19	Stages of sugar and is uses	2		
	20	Products made from sugar - Sugar syrup, Marshmallows, Candies, Fondant,	2		
	21 Ingredients for sugar work				
	22	Introduction to basic sauces used.	2		
V	Bake	ery and confectionery – Practical	30		
	23	Preparation of bread – bread roll, bread stick, hot cross bun, fruit bun, Chelsea bun, French bread etc.	8		
	24	Preparation of cakes – sponge, banana bread, muffins, Dundee cake	10		
	25	Preparation of pastry – puff pastry, choux pastry, short crust & sweet pastry	10		
	26	Preparation of Cookies	8

Detailed Syllabus:

Module	Unit	Content	Hrs	Mks
I	Introd	luction to Research Methodology	10	17
	1	Definition and significance of research in hotel management	2	
	2	Types of research: Qualitative, Quantitative & Mixed	2	
	The research process: Steps involved in conducting research		2	
	4	Formulating research problems and hypotheses	2	
	5	Literature review and its importance	2	
II	Resea	rch Design and Methods	10	17
	6	Research design: Exploratory, Descriptive, Experimental	3	
	7	Correlational studies	2	
	8	Sampling techniques: Probability and Non-probability sampling	2	
	9	Data collection methods: Surveys, Interviews, Observations, and Experiments	3	
III	Data (15	19	
	10	Data preparation - primary vs. secondary data	3	
	11	Personnel Office - Functions	2	
	12	Qualitative data collection: interviews, focus groups, and case studies	2	
	13	Quantitative data collection: surveys, experiments, and observational studies	2	
	14	Descriptive statistics: mean, median, mode, and standard deviation	2	
	15	Inferential statistics: hypothesis testing, correlation, and regression	2	
	16	Writing research reports, Visualizing data using charts and graphs	2	
IV	Appli	cation of Research in Hotel Management	10	17

	17	Implementing research findings in hotel operations	2	
	18	Evaluating the impact of research-based decisions	2	
	19 Ensuring confidentiality and privacy 2			
	20	Compliance with institutional regulations	2	
	21	Compliance with governmental regulations	2	
V	Open-	end Module	15	
	1	Students will work in groups to create and develop business plan	5	
	2	The project on Feasibility study	5	
	3	Budgeting and forecasting	5

V	Opei	Open-end Module					
	1	Strategic planning foundations:	8				
		Introduction to strategic planning: Defining organizational goals and objectives					
		Analyzing organizational mission and vision: Identifying core values and purpose					
		Stakeholder engagement: Understanding the needs and expectations of Key stakeholders.					
		Guest relations alignment:					
		Role of guest relations in organizational strategy: Linking guest service to business goals.					
		Identifying Key Performance Indicators (KPIs) for Guest relations alignment					
		cultural integration and goal setting:					
		Workshop: SWOT Analysis (Strengths, Weaknesses, Opportunities, Threats) for Guest relations.					
		Workshop: Creating a guest-centric organizational culture.					
		Group Activity: Brainstorming session on aligning guest service with organizational values.					
		Setting SMART goals for guest relations: Specific, Measurable, Achievable, Relevant, Time-bound					
		Strategic initiative development:					
		Prioritizing strategic initiatives: assessing impact and feasibility					
		Case Studies: Examples of successful guest relations strategy					

	implementation.		
	Workshop: Drafting action plans for strategic guest relations initiatives implementation and communication.		
	Change Management in Guest relations: Overcoming resistance and driving adoption		
	Communication and training: Ensuring alignment with organizational strategy.		
	Monitoring progress: Establishing metrics and milestones for success.		
	Workshop: Role-playing scenarios for effective communication and training evaluation and continuous improvement.		
	Evaluating the effectiveness of Guest relations strategies: Feedback mechanisms and performance measurement		
	Continuous improvement in Guest service: Incorporating lessons learned and best practices		
	Workshop: Developing a Guest relations strategic plan roadmap		
	Final presentation: Sharing strategic plans and actionable Insights for Guest relations alignment		
2	Effective leadership in Guest service: Motivating front office teams for Consistent excellence	3	
3	Adapting to industry changes: embracing innovation and preparing for future trends	4

I	BAR	8	15				
	1 Introduction, Definition, A brief history of bars and alcoholic beverages		2				
	2	Development of bars, Modern Bar design, layout and location	2				
	3	Ownership types – pubs and bars, Legal aspects affecting beverage businesses	2				
	4	Roles of the bartender, Job description.	2				
II	BAR	AND SERVICE EQUIPMENT	8	15			
	5	Bar area – large equipment, Bar area – small equipment and utensils	2				
	6	Glassware, Food service equipment	2				
	7	Dispense Bar: Introduction and definition, layout	2				
	8	Preparation of Classic and Contemporary Cocktails	2				
III	SER	VING ALCOHOLIC AND NON-ALCOHOLIC BEVERAGES	16	20			
	9	Beverage service procedures & Responsible service of alcohol	3				
	10	Beverage service and the law	3				
	11	The Principles and Practice of Bar and Beverage Management	2				
	12	Management responsibilities in beverage staff training	2				
	13	Preventing guest intoxication and identifying over-consumption	2				
	14	Alcoholic bar provisions- beer, whiskey, rum, gin, brandy, wines, types of wines	2				
	15	Non-alcoholic bar provisions- water, mineral water, aerated water, bitters, juices, syrups, and cordials	2				
IV	Custo	Customer care, Payment & Beverage Control Systems					
	16	6 Customer care- Meaning, Creating first impressions					
	17	Handling Cash and Payments in Bars- Payment systems used in the bar ,	2				

18	Procedures and controls for receiving payments in the bar	2			
19	Cash counting, floats and cash drawers, Fraudulent and dishonest activities				
Beverage Control Systems-Introduction, Managing costs and revenue to make profits, Policies for pricing					
21	Stock control, Receiving, checking, storing and issuing controls,				
System of bar books, Control of possible losses in the bar, Point-of-sale systems for stock and beverage control.					
Open Ended Module: Mastering Bar Operation					
1	Role play on handling various customer service situations in a bar setting, emphasizing communication skills and conflict resolution. (Group Activity)	5			
2	Assign students to develop a beverage inventory management system for a bar, focusing on stock rotation, ordering procedures, and minimizing wastage. (Group Activity)	3			
Assign students to design the layout of a bar space, considering factors such as workflow efficiency, customer comfort, and compliance with safety regulations.

Detailed Syllabus:

Modul e	Unit	Content	Hrs	Mks		
I Intro		troduction to Catering Science				
	1	Definition and scope of catering science - Importance of catering in the hospitality industry.	2			
	2	History and Evolution of Hotel Industry in India - Historical development of catering services.	2			
	3	Structure and types of Catering establishments	2			
	4	Classification of hotels	2			
	5	Hotel – Department types	1			
	6	Types of rooms in hotel	1			
II	Food	Safety and Hygiene	15	22		
	7	Definition and Importance Food Safety – Hazards of food safety (Biological-Chemical-Physical)	3			
	8	Control/Prevention measures of food hazards	3			
	9	Factors affecting microbial growth in food	3			
	10	Hygiene Practices - Personal hygiene for catering staff.	3			
	11	Storage – Types - Methods of food preservation (refrigeration, freezing, canning, drying)	3			
Ш	Menu	Planning and Development	10	16		
	12	Different types of menus (à la carte, table d'hôte, banquet, etc.).	3			
	13	Menuplanning – process and its importance				
	14	Factors influencing menu planning (seasonality, budget, customer demographics)	3			
	15	Basics of nutrition and dietary requirements in menu - Balancing taste and nutrition in menu design.	2			
	16	Pricing strategies - Cost-effective ingredient sourcing.	2			

IV	Custo	omer Service in Catering	10	16	
	17 Customer expectations and satisfaction				
	18	Communication skills and professional etiquette.	2		
	19	Handling Complaints and Feedback	1		
	20	Techniques for resolving customer complaints.	1		
	21	Personalization and customization of services	2		
•	22 Building customer loyalty and repeat business				
V	Pract	30			
	1	Assignments and Projects: Practical assignments related to food preparation, safety, and operations.	10		
	2	Class Participation: Active participation in class discussions and practical sessions.	10		
	3	Group Work: Collaborative projects to simulate real-world catering operations. Presentations: Presentations on specific topics or projects to develop	10		
		communication skills.

Programme	B. Sc. Hotel Management Catering Science							
Course Title	MENU PLANNING & DESIGN FOR EVENTS							
Type of Course	Minor							
Semester	8							
Academic Level	300 - 399							
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours			
	4	4	-	-	60			
Pre-requisites	 Basic knowledge i Understanding of o Basic Culinary ski 	cultural cuisi		ner behaviour				
Course Summary	This course is designed to provide students with the knowledge and skills necessary to plan, design, and execute menus and events effectively. The course covers a wide range of topics, including menu development, event logistics, theme creation, budgeting, and client management. It combines theoretical knowledge with practical applications, enabling students to understand both the creative and operational aspects of menu planning and event design.							

СО	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO1	Create menus that cater to various event types, considering factors such as dietary restrictions, nutritional balance, and guest preferences. Integrate seasonal, regional, and cultural influences into menu planning to enhance culinary offerings.	U	С	Instructor-created exams / Quiz
CO2	Apply critical thinking and problem- solving abilities to address challenges and unexpected issues during event planning and execution.	Ap	P	Practical Assignment / Observation of Practical Skills
CO3	Present the final project to peers and instructors, showcasing a deep understanding of menu planning and event design principles.	Ap	P	Seminar Presentation / Group Tutorial Work
CO4	Coordinate all logistical aspects of event planning, including venue selection, timeline creation, and vendor coordination.	U	С	Instructor-created exams / Home Assignments
CO5	Synthesize knowledge and skills acquired throughout the course to develop a comprehensive menu and event plan.	Ap	P	One Minute Reflection Writing assignments
CO6	Evaluate the effectiveness and guest satisfaction of executed events to identify areas for improvement and future development.	Е	M	Feedback Analysis/ Reflective Journals

^{* -} Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C)

Conclusion

The B.Sc. in Hotel Management and Catering Science program from the University of Calicut stands as a comprehensive and meticulously crafted four-year undergraduate course, dedicated to equipping students with the essential skills and knowledge required to thrive in the dynamic hospitality industry. The curriculum is thoughtfully designed to combine rigorous theoretical knowledge with extensive practical training, ensuring that graduates are not only well-versed in the fundamental principles of hospitality management but also adept at applying these concepts in real-world settings.

Throughout the program, students engage in a diverse range of subjects, encompassing areas such as food and beverage management, accommodation operations, culinary arts, and hospitality marketing, among others. This holistic approach ensures that graduates possess a well-rounded understanding of the multifaceted hospitality sector, preparing them for a variety of roles within the industry.

Furthermore, the program's emphasis on practical training, including internships and industry projects, provides students with invaluable hands-on experience, fostering their ability to seamlessly transition into professional environments. Graduates of this program are wellprepared to embark on successful careers in hotels, resorts, restaurants, event management companies, and other related fields, equipped with the skills and confidence to excel and make significant contributions to the hospitality industry.

In conclusion, the B.Sc. in Hotel Management and Catering Science program from the University of Calicut is a gateway to a rewarding career in the hospitality sector, offering a perfect blend of theoretical and practical learning experiences that empower students to achieve excellence and success in this ever-evolving industry
